“Building Our Future” ***Introduction***

The Greater Lowell Regional Vocational School is located on Pawtucket Boulevard in Tyngsboro. The “Voke” is dedicated to teaching skills that will benefit the student as well as society.

Throughout our four years at the Voke we have had some difficult moments. In our freshman year we had to choose the trade we felt we would excel in. In our sophomore year we began to learn the basics of our selected trades. In our junior year the work became more difficult and the excuses to avoid it increased. Finally, in our senior year we decided to settle down and soak up as much education as possible, as this was our last chance before the “BIG DAY”.

This was also the time that many of us decided to get involved in the various clubs and organizations offered, here, at the Voke. Getting involved not only meant giving up class time (and quite willingly at that!), but giving up spare time and weekends as well. Through good times and bad, the friendships we have gained as a result of club memberships has been well worth it.

Here, at Greater Lowell, we have the best equipment, instructors and opportunities available. Many of us will go directly to work as tradesmen and women and others have chosen to further their education in college.

We, the class of 1980, would like to set the highest standards for the underclassmen and women to follow. We are the first to graduate in the new decade and the first should always be the best.

We are the future craftsmen, designers and professionals. We will feed, clothe and shelter the people of tomorrow. We are responsible for remaking, rebuilding and shaping our world into a place we can call our own. our own.

With many fond memories and diploma in hand, we say “GOOD-BYE” to the Voke and face the future with an edge on life and four years of memories.

In February, we hosted the District V. Regional Competition. Students competed in written and performance tests against each other in their trade areas. In each trade area, the three winners receive, in order of their performance, gold, silver, or bronze medals and the opportunity to represent Greater Lowell Regional in the State District or the State Skill Olympics, which this year was held on May 2nd and 3rd at Shawsheen Valley Regional Vocational School in Billerica.

As a result of the State wide competition, the greater Lowell Regional School placed 50% of its students in the top six of all competition entered. Greater Lowell won 7 first places, 6 second places and 6 third places. Eleven other students also placed in the top six. All total, Greater Lowell Regional won 30 awards - 21 more than last year.

The following Greater Lowell students were medal winners in the State competition.

FIRST PLACE WINNERS:

Leonard Carter - Plumbing
Reggie Dove - Masonry
Donna Klein - Prepared Speech
Marc Morin - Sheet Metal
Vivian Rois - Cosmetology
Theresa Corey - Electro-Mechanical Drafting
Roger Hamilton - Upholstery

SECOND PLACE WINNERS:

SUPERINTENDENT'S MESSAGE

The graduates from the Class of 1980 should be both proud and grateful as they enter the vocational calling that they have nurtured during their four years at Greater Lowell Regional. Proud because of the achievements and contributions that you as a class contributed to the community, the school, and to each other.

During your vocational school years, the people from the Greater Lowell District received economic, charitable, and civic support from the students that comprise the Class of 1980. From the cooperative education program, which has greatly assisted the businesses and industries in the community, to volunteer work collecting toys for tots, your class has developed a style and distinction that may serve as a legacy for other classes to follow. Your organization and spirit are evidenced by the many social functions, class trips, and extra curricula support that you displayed during your tenure at Greater Lowell Regional.

I also mentioned that the Class of 1980 should be grateful as well as proud. Grateful for the fact that your are entering a local labor force where employment opportunities are bountiful. The Lowell area is amidst a period of economic rejuvenation, accented by increased business and industrial investments and the development of the Lowell Heritage Park. The ability to sell your technical and creative skills in the marketplace should be greatly facilitated by these remarkable area developments. Your motivation and intelligence will serve as the nucleus that will continue to make the area grow and prosper. I know that it's somewhat sad to look so quickly into the future, however, please do not forget that the success that you find in the marketplace could never materialize without your education. Never forget those years for they represent a very special stage of your development. Don't forget all the fun and the memories, but remember that the future awaits. Take your special talents and challenge the next segment of your life with the same style and determination that you displayed here at Greater Lowell Regional and I'm confident that your success will be guaranteed.

Junior Varsity Soccer

Soccer, the world's most popular sport, has been gaining popularity among youngsters throughout this country including here at Greater Lowell. Soccer will gradually become more popular than some of the more traditional American sports, including football.

The philosophy of the Junior Varsity Program here at Greater Lowell has been to teach students the fundamentals of the game of soccer as well as sportsmanship, discipline and self confidence. Everyone is welcome, including males and females, with no experience necessary.

The season started slowly with a tie to Tyngsboro and a loss to Masconomet, but as the season progressed the girls improved with experience and began playing well together. We were competitive in every game and had our most exciting game against a very strong Chelmsford team to which we lost a heart-breaker in overtime. We'll greatly miss the contributions of the two senior co-captains, Wendy Mennella and Claire Boucher. Wendy was an aggressive, flexible and spirited player, and holds the record for the most goals scored at Greater Lowell with 25. Claire was a key defensive player and had a great anticipation of the game. This year the field hockey will enter the MVC. This will be the first time the team will be in a conference and we look forward to the competition and the season ahead.

STATE TOURNEY

The 1979-80 Gr. Lowell Varsity started its season slowly. With only three returning lettermen, the Gryphons stumbled to a 1-6 record. With hard work and perseverance the Gryphons began to win, nine in a row at one point. Highlights of the season included a win over previously undefeated Northeast, and appearance at Boston Garden, and dutch wins over Northeast and Gr. Lawrence during the last week of the season to qualify for the state tourney. Mark Carroll and Chuck McCullough powered the Gryphon offence while Bill Coates, Tony Taylor and Ken Comtois were outstanding rebounders and defenders. Gabe Aponte and Roger Beauchesne were keys in the Gryphon pressure defense which brought the team to second place in the Commonwealth Conference.

In only its second year of existence, the indoor track team enjoyed a fine season. Our indoor team is used primarily for winter conditioning of track runners who do not participate in other sports.

Running against Lynn Tech, we won our first meet in our brief history. In many other meets, against far more seasoned teams, we fared very well. Our five seniors can especially be congratulated for their efforts in a rewarding season and in upgrading our program.

WRESTLING

Due to the fact that the team has to forfeit 12 points a match because it had no one to fill the 169 lbs. weight class and heavy weight class, it suffered through an agonizing season. However, several individuals had outstanding years, they were: Tri. Capt. Steve Coutu, Rick Caron, Brian "Killer" Kilbride, along with "Super Soph" Jim Kasilowski. Hope spring is eternal and the team will be rebounding next year.

DECA (Distributive Education Clubs of America) is the vocational youth organized for Distributive Education. Its primary purpose is to develop future leaders for marketing and distribution. Founded in 1947, DECA is the only national club directly affiliated with Distributive Education.

The objectives of DECA at the Greater Lowell Regional VO-Tech School are;

1. To promote civic consciousness in the youth in our area.
2. To promote social intelligence in our youth.
3. To promote pride in our school, our students, our staff and our community.
4. To provide the opportunity to achieve awards and recognition in a chosen occupational field.
5. To provide an out of the classroom/shop activity which reinforces learning.
6. To develop future leaders in Marketing and Distribution.

Each year DECA becomes involved in local projects and programs which help achieve its objectives. Students compete on regional, state and national levels through a competency based assessment to test their learning in their chosen occupational field.

Through DECA students experience vocational understanding, civic consciousness, social intelligence and leadership development.

"We had a great time at the DECA Eastern Division Fall State Leadership Conference."

Twelve members of the Greater Lowell Voke DECA Chapter attended the Fall State Leadership Conference on October 22, 1979 at Dunfey's of Hyannis of Cape Cod.

Included in those who attended was one of our advisor's, Mrs. Marjorie Tanner, our President, Laurie O'Gorman, Vice-President, Donna Klein, Secretary, Sharon Quintal, and Treasurer, Doris Comtois.

These officers went to several different leadership workshops and seminars. All students participated in workshops which prepared them for competition in categories which interested them.

V.I.C.A.

For the past two years, the students and members of the faculty at Greater Lowell Regional Vocational Technical School have participated in a nation-wide student organization called **VICA (Vocational Industrial Clubs of America)**. Nationwide, there are 275,000 students, 2,000 of one are in Massachusetts. Here at GLRVTS we have 230 members in 25 different trade areas.

VICA is a club for the vocational student - the student who excels in his or her trade area. **VICA** is a means for these students to get recognition for the time and effort they have put in to studying and bettering their trade skills. **VICA** gives these students an opportunity to prove just how good they are in trade competitions by both written and performance testing. It is the ultimate honor for a vocational student to become a **VICA** gold medal winner.

News About Courier Makes Interesting Reading

When you pick up a book or a Bible, look up a number in a local telephone directory or read a business form, it could very well be printed by us.

We created enough reading material to rank among the top 10 largest commercial printers in the United States and one of the largest manufacturing operations in Massachusetts.

We have six plants in the Lowell area and have spent millions of dollars in expansion in these facilities in the past few years.

In 1978, we recorded our highest sales and earnings in our 154 year history. Our sales are running at a rate of over \$120 million a year.

If you would like to learn more about our growth, we would be happy to send you our latest annual report. It makes interesting reading, too.

You Will All Surely Be Missed!

1979-1980 CURRENT EVENTS

LEFT:
FORMER FIRST LADY DIES - Mamie Eisenhower holds up a campaign button for her husband President Dwight Eisenhower at a San Francisco show in 1956.

RIGHT:
MEETING THE PRESS - Chicago's first woman mayor, Jane Byrne, is shown facing newsmen to announce appointment of four administrative assistants.

BEST PICTURE - "The Deer Hunter" won the 51st Academy Award for best picture. From left are: John Cazale, Chuck Aspegren, Robert De Niro, John Savage, Rutanya Alda and Christopher Walken.

PASSING THE GAVER - After heading the AFL-CIO for 24 years, George Meany passes the gavel to the new President Lane Kirkland.

NOBEL WINNER - Mother Theresa received the Nobel Peace Prize for 1979 from the Chairman of the Norwegian Nobel Committee John Sanness.

CUP FOR TENNIS CHAMP - Tracy Austin holds the first prize cup in the U.S. Open in Flushing, NY.

PEACE BRINGS THEM TOGETHER - Egyptian President Sadat, U.S. President Carter and Israeli Prime Minister Begin clasp hands after the signing of a peace treaty between Egypt and Israel.

APPROACHING COLD SHUTDOWN - Technicians worked to achieve a cold shutdown following a near-crisis that reportedly allowed radioactive steam to leak into the air surrounding a reactor at the Three Mile Island plant in Pennsylvania.

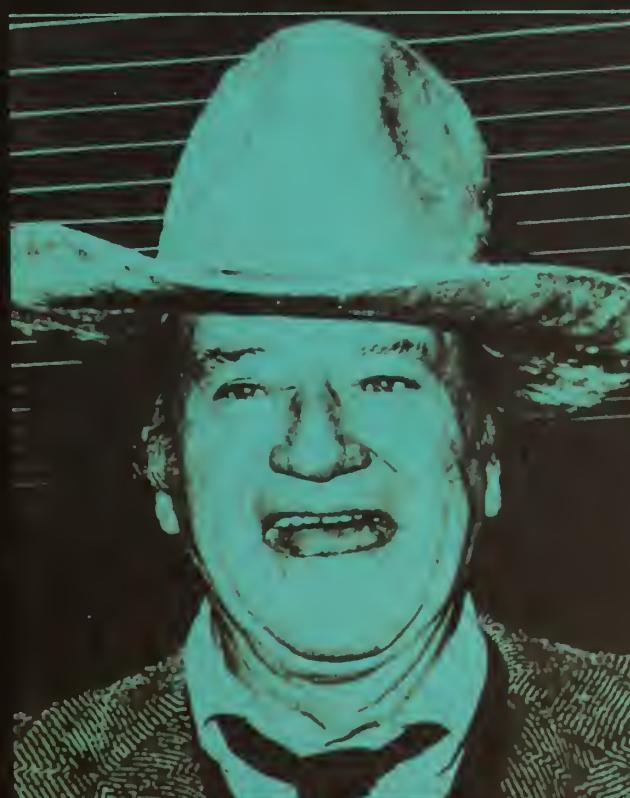

DISCO MADNESS - Disco dancers gyrate at New York's Studio 54. As the result of films and television the Disco fad caught fire across the country.

BOSTON POPS - Conductor Arthur Fiedler, shown here conducting the Boston Pops Orchestra in one of its many performances, died in 1979.

SCENE OF CONCERT DEATHS - Nine people were killed outside Cincinnati's Riverfront Coliseum as a crowd surged to get into a rock concert by "The Who".

VETERAN ACTOR DIES - John Wayne, shown in 1974, wears a western-style hat which marked him as one of America's biggest film heroes in countless Western movies.
